This Van was spotted at 4:30 p.m. on January 28, 2009 on Avenida Navarre knocking on our door, luckily the door was not opened for this stranger. Then the van continued to be parked and later at 7:30 p.m. to 9:00 a.m. it was circulating the neighborhood and parking on different streets throughout the night.

Police was called and it seemed that the Van was trying to hide from the police.

Some streets that they were spotted in our neighborgoods were Avenida Madera, Avenida Navarre, Via Herald, Via Jardin, Via Graciosa plus it drove around the Park "Alta Madera" and went on the other sides of those streets as well.
